Local historian, story-teller, and Executive Director at Historic Spanish Point will return with a brand new program on Boats, Bays, and Barrier Islands.

This program will focus on the waterfront aspect of Sarasota and will include a maritime history of local sail boats, steam boats, power boats and yachts.

John will also explore the history of local bays and waterways and explain the origins of the name of all of the local barrier islands. Many of you have enjoyed John's presentations at Alderman Oaks and this is a new program and one that you will not want to miss.

We provide Hearing Loop Systems in our Conference Room as well as individual apartments for those using hearing devices with T-Coil technology.

Seating is Limited!
