This Practical Presentation Will Focus on the Different Types of Dementia and their Unique Symptoms and Offer Information on How Dementia Affects Perception, Communication, and Behavior.

Program Presenter

Kathleen Housewart, MBA

Former Director of the Sarasota Memorial Healthcare System (SMH) Memory Clinic and a Senior Aging Specialist.

Topics Include:

- Information on how dementia is diagnosed and the different causes of dementia
- Discussion on how brain disease affects the function of the brain, communication, and behavior
- Suggestions on communication techniques that can reduce challenging behaviors

The presentation should also be helpful to Family Members, Healthcare Professionals, and others who are consistently interacting with those challenged by Dementia.
