10 YEARS	\$9,500	\$32,200	440%

Notes:

- Alderman Oaks is "Unique" in that our policy is to not increase apartment rents until after the end of the second year. In addition we have made it possible to lock in the starting rate for up to 10 years from move-in.
- The chart above shows the net savings and the % return on investment using our RENT-LOCK Program. The numbers in the chart are based on an apartment rent of \$3,000 with 3% annual increases. The actual fee that a resident pays would be proportional according to the actual cost of their apartment.
- This does not take into account any changes in fees due to a need for increased services or possible movement to a different apartment. We can also customize an agreement to include rate-locks on fees other than the rent itself.
- Current Entry Fees are \$2,000 for Independent Living and \$2,500 for Assisted Living.
