*OnSite Dermatology is a Mobile Dermatology Practice for Senior Communities.  
Established 2005 and the Nation's Leading Provider of Mobile Dermatology Care!*

**Our Mission**

At OnSite Dermatology, our goal is to provide quality and convenient dermatologic care directly at your community—eliminating the need for residents to travel off-site for treatment. We specialize in serving senior living communities by bringing care directly to them.

**Scope of Services**

We bring the medical office to your residents and staff, offering a wide range of on-site dermatology services, including:

- Full Body Skin Exams
- Treat Common Skin Conditions
- Biopsies
- Cryotherapy (Treatment for Pre-Skin Cancer)
- ED&C (Electrodesiccation and Curettage) Skin Cancer treatment
